Pecan Pie	1 slice	113	470	230	5	56	2	25	26	4	4	70	270			X			X		X	

The nutritional values used in our calculations come from The Food Processor, Version 8.7 (ESHA Research), food manufacturers, and laboratory analysis. We based the values on a standard recipe guide. The information displayed may vary from the actual values because of rounding and slight differences in the preparation of products at each restaurant. Nutritional information for specific salad dressing appears on the back of each salad dressing packet. We based the nutrient values for our beverages based on cups about one-third filled with ice. Values may differ depending on the amount of ice in the beverage cup. Sodium values will vary depending on the amount of sodium in the water supply for each restaurant. This information applies to our company-owned Captain D's restaurants. Some of our franchised Captain D's restaurants may use different ingredients in the preparation of some of their menu items. Those differences may affect the nutritional values.

Our products may contain one or more allergens, including fish, shellfish, wheat, soy, soy derivatives, milk and eggs. Our products generally do not contain peanuts or tree nuts but may come from manufacturing equipment used in common with those nuts. In addition, we prepare our products in and on common restaurant equipment and, therefore, our products may contain allergens not specific to the products being ordered.
